

## *Post-course worksheet*

---

Use this worksheet as a resource for yourself, as well as a reference for future conversations with those who attended the training. Be sure that you are providing your employees with the necessary support to apply the skills and knowledge they learned in the training course.

### **POST-COURSE QUESTIONS:**

---

What concepts did you learn that can be applied on the job?

---

What are the roadblocks to applying these concepts on the job?

---

What can I do to help support your efforts to use the training?

---

When can we get back together and review progress?
